Subject: Intel® Firmware Update Tool (Intel® FUT) transition to Solidigm™ Bootable Firmware Update Tool (SFUT)

Dear Solidigm Customer,

This letter is to inform you that Solidigm has released Solidigm™ Bootable Firmware Update Tool (SFUT) to replace Intel® Firmware Update Tool (Intel® FUT).

Users of Intel® FUT version 3.0.12 or prior will need to migrate to SFUT for the support of Solidigm™ SSD (formerly Intel®) products starting in June 2022.

Please download the latest release of SFUT via the following link¹:

<https://www.intel.com/content/www/us/en/download/723602/728440.html?v=t>

Contact your Solidigm technical support representative for further information.

Regards,

Solidigm Technology
Technical Marketing Team

Note:

1. The download link will be moved to solidigm.com in the future.
