

About Solidigm

Solidigm is a leading global provider of innovative NAND flash memory solutions. Solidigm technology unlocks data's unlimited potential for customers, enabling them to fuel human advancement. Born of the combination of Intel's longstanding innovation in memory products and SK hynix's international leadership and scale in the semiconductor industry, Solidigm became a standalone U.S. subsidiary under SK hynix in December 2021. Headquartered in San Jose, CA, Solidigm is powered by the inventiveness of close to 2,000 employees in 20 locations around the world.
